Need Grinding**

It is but the work of a minute to sharpen a chisel, a plane, a knife or any edged tool on a Keen Kutter Grindstone. Made of very carefully selected Berea grit—mounted on an extra braced tubular frame that never sways or "wabbles." Ball bearings and double tread make it run as easy as a bicycle. With this grindstone and an outfit of

From the State Wide Prohibition Vote In Texas Saturday.

WETS HAVE A SLIGHT LEAD
Enormous Total of 450,000
Votes Polled and Returns
Far From Complete.

Dallas, Tex., July 24.—With the anti-prohibitionists leading by 4,234 votes in the returns counted up to 11 o'clock last night, from the state-wide prohibition election of Saturday; with the leaders of each side issuing statements claiming victory in that contest and with the additional feature of fraud charges today made by prohibition leaders, the outlook shortly before midnight is that full returns will be necessary to decide the election. Both sides stand ready to contest the vote. For twenty-four hours the returns will be necessary to decide the election and against prohibition. The total vote cast possibly will exceed 450,000.

Real D. A. R.

Atlanta, Ga., July 24.—Mrs. Mary Trawick Proctor, aged 111 years, a real daughter of the American revolution, a woman who has lived in three centuries, when stirring events were making the history of nations, has just been discovered in an humble one-room cabin in Bartow county, Georgia. Her sole company is a daughter, Miss Mary Proctor, aged 90, and two great great grandchildren, descendants of another daughter, all who are left of six generations of her family she has known. Her husband was a veteran of two wars, the revolutionary and the war of 1812. She is very poor. On a bedding of straw, constituting a mattress so thin that the rough plank slats can be seen, this daughter of the revolution lies, her form emaciated, skin wrinkled, almost a skeleton.

Col. Tomlinson Dead.

Birmingham, Ala., July 24.—Col. John W. Tomlinson, a prominent attorney of Birmingham, and member of the national democratic committee, died in St. Vincent's hospital from an operation for appendicitis.

NOT SO BAD

Asylum Employees Will Not
Lose Their Eyesight.

The accident to Irving Sights, Richard Fay and C. A. Frieburg, the asylum employees whose eyes were injured last Monday from the intense light from an electrical welding machine they were using, promises not to develop the serious results that were feared. So severe were the burns to the retinas of the men's eyes that it was feared the eyesight of all three would be permanently impaired, and that Mr. Frieburg would be totally blind. But now it is assured that none will be blind, and that the impairment of sight, if any at all, will be slight. All of the men are now allowed to leave their rooms, their eyes protected by heavy smoked glasses, but even then they are not allowed to go into a strong light.

BODY BROUGHT HERE

And Interment Took Place in
Riverside Cemetery.

The remains of Lucian, the 8 year-old son of Mr. and Mrs. J. C. Johnson, whose death in an Evansville hospital was noted in Saturday's Kentuckian, were interred in Riverside cemetery Saturday. Services were held at the residence by Rev. H. D. Smith. The child was injured internally by being run over by a buggy from which he fell. The next day after the accident he was taken to Evansville, where an operation was performed, but his injuries were of such a nature that death resulted in a few days.

Lucian was a very bright and promising little fellow and his parents have the sympathy of hosts of friends in their bereavement.

IN OPEN AIR

Lecture James Speed Talks of
Rural Schools.

Mr. James Speed, of Louisville, gave an entertaining open air lecture Saturday night, on Court Square, in the interest of Rural Schools. His pictures of country school houses in all parts of the state and his lecture to arouse a general interest in better houses, were very interesting and a large crowd was present and gave close attention. Mr. Speed has a fine strong voice and his work is of the highest order.

**CONVENTION
ON AUGUST 15.**

Will Be Held In Louisville
To Formulate A Plat-
form.

OFFICIAL COUNT MADE.

Majorities Received In The
Recent Democratic
Primary.

Louisville, July 24.—A state convention for the adoption of platform upon which the Democratic ticket nominated in the recent state primary will stand will be held on Tuesday, August 15, at Louisville. This was done at the request of Mr. McCreary and all the candidates.

R. H. Van Zant, of Ashland, will be chairman of the campaign committee. The returns were canvassed and certificates awarded.

Official Majorities

James	\$1,085
McCreary	22,550
McDermott	1,562
Bosworth	2,720
Hamlett	12,662
Newman	30,616
Garnett	23,261
Green	15,106

No opposition to Rhea and Creel. As the estimated cost of the primary was \$23,125, the total actual cost as approximated last night, according to Mr. McDonagh, will place an additional assessment of about 33-1-3 per cent of the cost upon each successful candidate.

The assessments first fixed February 4 last would have raised a total of \$18,500. At the meeting February 17 an increase of 25 per cent was made, bringing the total amount up to \$23,125.

Assessments in the various contests were fixed as follows:

Senator	\$4,375
Governor	3,750
Lieutenant governor	625
Attorney General	2,500
Auditor	2,500
Treasurer	2,500
Clerk Court of Appeals	2,500
Secretary of State	1,875
Commissioner of Agriculture	1,250
Superintendent of Public Instruction	1,250

This is raised to \$30,825.

Prof. Hamlett who paid \$416 will have to double his assessment, under the ruling.

Charlie Barker.

The Farmers' Home Journal refers editorially to the fact that Chas. E. Barker, of this county, has been its advertising patron for 25 consecutive years, adding:

"Early in his business career Mr. Barker adopted as his business motto 'A Square Deal.' He announces to prospective customers that all stock, whether Poland China hogs, Shorthorn cattle or poultry will be shipped subject to the inspection of the purchaser and if not satisfactory to be returned to him at his expense, in which event the purchase money will be refunded 'without backtalk.' This plan of doing business has gained for him the confidence of the buying public and the excellence of the stock he sends out has built for him a business of very large proportions. Mr. Barker's large business has made Pembroke, Ky., (his shipping station) a well known place to stock men in nearly every State in the Union.

If there are any readers of the 'Farmers Home Journal' who do not know Mr. Barker and the kind of stock he breeds and raises and his method of doing business, they should write him at Pembroke for one of his circulars. He is a good man for stock breeders to know."

Council Has Busy Session and
Several Ordinances
Passed.

RAILROADS GET ATTENTION.

L. & N. Given Hurry-Up Orders
About Bridge
Work.

The city council held an important meeting Friday night with all present excepting councilman Lebkuecher.

The resignation of Ennis Morris as a fireman was presented and action in filling the vacancy was deferred.

An ordinance was passed requiring the Louisville & Nashville Railroad to open Walnut, Eighteenth and Seventeenth streets for traffic within 30 days, under a penalty of \$10 a day for every day beyond August 22. The ordinance permitting the streets to be blocked was passed August 1, 1910, and the work was to be done several months ago.

An ordinance was also passed taking from the I. C. Railroad, successor to the O. V. Railroad, the privilege of laying a tract on Tenth street to the side door of the Ragsdale, Cooper & Co. warehouse, granted March 4, 1892. The railroad is given 30 days to remove the track under a penalty of \$10 a day after that time.

W. A. Long, chairman of the Board of Trustees of the Public Schools, made a request that the council pay the interest on the new school bonds to the amount of \$1,100 and a warrant was ordered to be paid out of the license fund.

Permission was granted to the U. D. C. to erect a drinking fountain on the Southwest corner of Main and Ninth streets. The contract has been let and the fountain will be put up by Sept. 15.

A contract was let to the Davis Monument Co. to put up an elaborate stone and iron entrance to Riverside Cemetery, the price being \$1,440. The D. A. R. will place bronze tablets on the posts bearing the names of Revolutionary soldiers buried in Christian county.

The Christian County Medical Society notified the council that it had by resolution endorsed the anti-spit ordinance proposed by the Civic Improvement League.

Several bills were paid, including one for \$550 for fire hose.

WANTS REFUND.

Former Secretary of Tobacco
Association Said to Have
Brought Suit.

It is stated that Mrs. N. E. Green, former Secretary of the Tobacco Association, has brought suit against that corporation for \$67.65. She claims that when she was Secretary, the headquarters were at Guthrie, and were afterwards moved to Clarksville, necessitating the expenditure of the above amount in railroad fare, meals, etc., which she thinks should be refunded.—Leaf-Chronicle.
